OPERATIONAL REQUIREMENTS

- It is a requirement of both airports that a Movement Request form be lodged with a minimum 24 hours of the intended arrival time.
- Please note the Movement Request form is only a request to lodge a flight. Once the request is received, the Airport operator must provide approval before an aircraft can land.
- By executing a Movement Approval, the aircraft operator agrees to pay all fees and charges applicable at that time.
- Please be aware the airports are security controlled and Aviation Security Identification Cards must be displayed.

CUSTOMS and IMMIGRATION

As Christmas Island and Cocos (Keeling) Islands are excluded from the Australian Immigration Zone, it is the responsibility for crews to obtain customs clearances before leaving the Australian mainland. Equally, outbound clearances will be issued by the Australian Border Force on Christmas and Cocos (Keeling) Islands for the return journey to the mainland. The airport operator will notify Customs and Immigration on the island about all estimated arrival and departure times.
